

REMARKS:

In the Examiner's Amendment that was included with the Notice of Allowance dated December 20, 2010, the Examiner corrected several grammatical errors in claims 1 and 15. Upon further review of the Examiner's Amendment, however, it was noted that certain typographical errors were still included in those claims. In particular, it was noted that several commas and semi-colons were improperly positioned in claim 1, and it was further noted that certain claim language was erroneously omitted when the Examiner amended claim 15.

By the present amendments, Applicants have now amended claim 1 to correct the placement of the commas and semi-colons. With regard to claim 15, however, Applicants have cancelled that claim and have included new claim 27 in an effort to ensure that the claim is printed correctly upon issuance. New claim 27 is identical to claim 15 as previously presented by Applicants and further incorporates the amendments that were presented in the Examiner's Amendment. Claims 16-24 have also been amended by the present amendments to correct the dependencies of those claims in light of the cancellation of claim 15 and the addition of claim 27.

Finally, claim 5 has been amended to correct a minor typographical error.

In light of the foregoing amendments and remarks, it is respectfully submitted that no further search or examination is required, and that the application is now in condition for issuance.

Respectfully submitted,
